2023-2024 School Enrollment

Letters were sent home several weeks ago with enrollment information for the new school year. In order to aid in our planning, we ask that all families planning to enroll for the fall begin their registration process. School families should have received an email invitation from TADS to register for the new school year. If you have not received one or have any questions, please contact Mr. Schneck.

We are currently enrolling new students for the 2023-2024 school year as well. If you know of any family or friends who may be interested in our school program, please share our information with them, or invite them to visit our website. If they are willing, you can also give their contact information to Mr. Schneck and we will reach out to them. Thank you!

Tuition Assistance

The window for returning students to apply for tuition assistance is closing on May 1st. If you intend to apply for tuition assistance and have not yet done so, please complete your application this week. The application link can be found under *Enrollment and Resources* on the school tab on our website:
